

Teresa,

Thank you so much for all your help this week. I needed to increase my cargo insurance to be able to get loads from brokers that required me to have higher cargo insurance. You made it happen in a couple of hours.

Your the kind of person that makes Western Truck Insurance look so damn good. Because of people like you, & the kind of customer service you have, that makes me continue with Western Truck Insurance. I hope you share this email with your superiors so they know what a great employee they have. Thanks again for everything.

Sincerely,

**Johnny O.
President**
